

Bad Sobernheim, 05.03.2025

**Confirmation**  
**“Extended Conflict Minerals”**  
**Absence of Substances:**  
**Cobalt and mica**

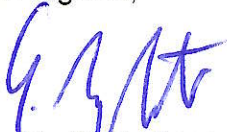

Dear Ladies and Gentlemen,  
We hereby confirm for the following compound families:

**TechnoDur**  
**TechnoElast**  
**TechnoFiber**  
**TechnoFin**  
**TechnoGreen**  
**TechnoMid**  
**TechnoPET**  
**CirclOn**

We do not use or intentionally incorporate any of the substances which are classified as so called **“extended conflict minerals”**, **such as Cobalt or Mica** in our compounds. Furthermore, these substances will not be present in our Compounds based on our current state of knowledge, except for technical unavoidable minimal traces.

Please be aware that an analytic monitoring of possible contamination is not part of our product control process.

Best regards,

ppa. Dr. Gerald Aengenheyster  
Head of R&D / AE

Please notice:

This statement is based on our current knowledge. Please be aware that an analytic monitoring of possible contamination is not part of our product control process. Appropriate processing of the material is precondition for regulatory compliance. The suitability of the finished parts for the intended application and the compliance with applicable laws and regulations is in the responsibility of the manufacturer or user.
