Bad Sobernheim, March 25, 2022

**Confirmation**

**“Conflict minerals”**  
**Absence of substances:**  
**Tantalum, Tin, Gold or Tungsten**

Dear Ladies and Gentlemen,  
We hereby confirm for the following compound families:

**TechnoDur**  
**TechnoElast**  
**TechnoFiber**  
**TechnoFin**  
**TechnoGreen**  
**TechnoMid**  
**TechnoPET**

We do not use or intentionally incorporate any of the substance which are classified as so called “conflict minerals”, such as e.g. Tantalum, Tin, Gold or Tungsten in our compounds. Furthermore these substance will not be present in our Compounds based on our current state of knowledge, except for technical unavoidable minimal traces.

Please be aware that an analytic monitoring of possible contamination is not part of our product control process.

Best regards,

i.V. Thomas Mayr  
Head of R&D / AE  
TechnoCompound GmbH

Please notice:

This statement is based on our current knowledge. Please be aware that an analytic monitoring of possible contamination is not part of our product control process. Appropriate processing of the material is precondition for regulatory compliance. The suitability of the finished parts for the intended application and the compliance with applicable laws and regulations is in the responsibility of the manufacturer or user.
